Uganda | Phone: +256 745 279 129 | Email: jaydenray907@gmail.com

PROFESSIONAL PROFILE

Creative and detail-oriented Web and Brand Designer with a strong foundation in visual communication, digital design, branding, and user-focused design principles. Experienced through self-directed and freelance-style design projects in developing visual concepts, logos, color systems, typography, social-media graphics, promotional materials, and cohesive digital brand assets.

Combines web-design knowledge with a strong eye for visual consistency, composition, typography, and modern aesthetics. Comfortable taking a design concept from an initial idea through development, refinement, and final presentation. Able to work independently, follow creative requirements, solve design problems, and maintain consistency across multiple digital formats.

Highly motivated to contribute design expertise to AI and technology projects while continuing to develop advanced skills in brand strategy, visual identity systems, and professional design workflows.
